CONSTRUCTION:

- Press chimney and window pieces in half. Pin folded window onto a 2-1/2" X 3-1/2" white rectangle, and pin folded chimneys onto two sky rectangles. Sew the five sky rectangles together as illustrated.

- Place a 3-1/2" white square on the left end of roof fabric, and sew on the diagonal as illustrated. Fold corner of white square down to make a triangle. Sew a sky square to the right end of roof diagonally as illustrated, then fold up to make a triangle.

- Place a white square on a sky square, right sides together. Sew on a diagonal line from corner to corner, then fold back one corner of the white square to form a triangle. Sew to the left of the roof as shown.

- Sew the six house sections (including door and window) together as illustrated.

- Sew all rows together and move in!
