

# DIMENSIONAL WHIMSY

## Block# 12

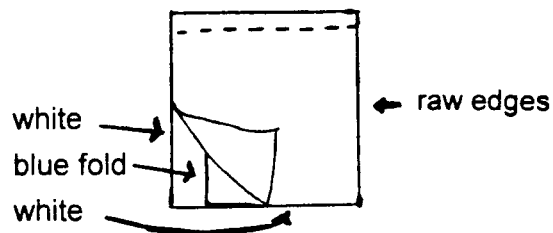

A. White Background:  
16 - 3-1/2" Squares

C. Yellow:  
4 - 3-1/2" X 6-1/2" Rectangles

B. Blue:  
4 - 3-1/2" X 6-1/2" Rectangles

### CONSTRUCTION:

1. This block is composed of eight dimensional flying geese. We learned to make these in Block 5. Fold blue rectangles in half, right side out. Place a white square right side up, then the folded blue rectangle, then another white square with right side facing down next to blue. ALL RAW EDGES SHOULD ALIGN AT THE RIGHT SIDE OF THIS "SANDWICH".

2. Sew 1/4" seam along TOP edge through all pieces. Open folding the blue rectangle into corners creating a flying geese unit and press. Repeat the same process with the yellow rectangles.

3. Sew geese units into squares with the point of the blue touching the long side of the yellow. Sew in four-patch order, as illustrated.
